Assessor Comments	Buyers predominately Santa & Santa HGP free heifers only being sold due to dry conditions, they are ideal to take through to trade or heavy feeder weights, they also could be taken on to export weights & would fit a grass programme. Future breeders could be classed out of these heifers, they show good bone & growth for age with the majority being polled. The heifers were very good to handle in the yards, race & crush for the minimal handling received since weaning. The Santa/Brahman x heifers do show Bos Indicus traits. Vendor has Angus heifers & Santa steers, Angus x steers same sale.
