Assessor Comments	A good to very good quality line of vendor bred yard weaned steers. They are by a Speckle Park Speckle Park bull over SP/Ang and SP/Charolais cows. With medium to large frame they suit to background to domestic and then export feeder weights. Their eyes were nice and clear and will be checked for active pink eye prior to delivery. They are located just off the Cunningham Highway approx 18km east of Goondiwindi and would be easy to link into any carriers moving north or south. The weaners have never had access to grain or been treated with antibiotics and are GRASS market eligible.
