Handled With	Weaners still on their mothers however most have been kicked off Bikes														
Assessor Comments	21 Quality Crossbred weaner heifers 6 to 8 months of age. Heifers not officially weaned however most looked to be kicked off by mum. Heifers show the characteristics of their crosses, typical weaners, would settle once weaned. In strong store condition, heifers should grow on to suit any market. Also same vendor has 2 other lines of heifers and 2 lots of steers same sale.
