Assessor Comments	A well presented and well bred line of Mixed sex F1 weaners, Handled in a quiet manner these cattle present in fantastic order.. Not only are they sired by quality Wagyu sires from Rocola ROCFS1651, ROCFS1660 & ROCFT1727, but are out of Angus cows selected for an F1 program, the main line of cows coming from Mooramook in Victoria. These calves are well suited to growing out for either the Feedlot or live export trade, with the females suitable as replacements. With all the hard work done they are ready to go on with.
