Handled With	The vendor has spent a considerable amount of time handling these cattle and they are extremely quiet to handle. However, cattle can react differently after trucking and in a strange environment. Bikes , On foot , Vehicles		
Assessor Comments	A very nice line of Angus x Angus and Angus cross weaner steers. The majority are black-coated, with only 1 head being Charolais cross. Steers would fit into most Angus Cross branded feeder programs. These cattle were an absolute pleasure to handle throughout the assessment and drafting process. Ideal steers to finish for either the heavy Domestic or Export markets. This is the complete drop with 6 Lighter Steers removed at assessment. Top quality calves exhibiting tremendous growth for age, with plenty of shape and frame. Note - 3 head with an old blue eye scar, one eye only.
