Assessor Comments	Buyers on offer are an outstanding run of Angus and Angus cross weaner steers. Steers are currently showing great growth and heavy bone, making them ideal to purchase and tuck away for the winter. Sired by Bluestone and Woonallee Bulls, that were purchased for their growth patterns and bone structure. An ideal line that shown the opportunity, will grow out to trade or feeder weights. Cattle are typically sold as feeders and have great feedlot reputation, however due to seasonal conditions are being offloaded as weaners. Bid up and buy with confidence. Please note the vendor has the heifer counterparts in the same sale.
