Assessor Comments	74 weaned steers to be sold as a run out the gate of 148 steers 300kg to 365kg at assessment. Steers present buyers an opportunity to put together a large run of quality vendor bred weaners that will continue to go forward given the opportunity. These steers would generally be kept and grown out to heavy feeder weights but due to ongoing dry conditions vendors have made the hard decision to move them on early. Yard Weaned and ready to go please note this is a run out the gate of 148 (split into 2deck lots) vendor also has 160 lighter steers in this week's sale
