Assessor Comments	80 weaned steers to be sold as a run out the gate of 160 steers 240kg to 299kg at assessment. Steers present buyers an opportunity to put together a large run of quality vendor bred weaners that will continue to go forward given the opportunity. These steers would generally be kept and grown out to heavy feeder weights but due to ongoing dry conditions vendors have made the hard decision to move them on early. Yard Weaned and ready to go please note this is a run out the gate of 160 (split into 2deck lots) vendor also has 148 heavier steers in this week's sale
