Assessor Comments	An outstanding line of EU accredited Poll Hereford steers that have been weaned nearly a month. Given the current local dry conditions they are being fed a daily ration of hay and a small portion of grain. The steers are out of the highly regarded Moreduval cow herd, by Tycolah and Cascade Poll Hereford bulls. Steers show plenty of frame and compensatory weight gain given the opportunity to a crop/pastures. Temperament is always a standout at Moreduval, and these steers are no exception. This is a regretful sale of the top of the vendors weaner steers, usually growing them out to feeder/grass kill jobs.
