Assessor Comments	Good line of Angus and Angus x heifers that have been drafted to suit feeder weights. Buyers please note these heifers were yarded at two different times. Some were yarded 12 hours prior to assessment and were weighed out 320kg and over and the ones yarded the morning of the assessment were weighed out 335kg and better. All heifers should curfew 320kg and better. Good framed heifers usually taken to heavier feeder weights only offered due to poor season. Vendor has another 2 decks of lighter heifers in same sale.
