These steers were a delight to handle. Flowed easily from yard to yard yarding up, flowed easily through the crush up to the scales. Steers that were stirry & slightly stirry in the crush were from being isolated or asked to stand on the platform for to long or when being mouthed. Once back out in the big yard with the mob they settled quickly. Good to walk through while taking photos & videos.

Handled With	Aerial (Helicopters, gyro's and planes) , Bikes , On foot
