Assessor Comments	Buyers, on offer today we've got 15 quality, high performing Weaner Heifers. These Heifers have the breeding and background to go on and do the job. They're mostly out of Santa, Droughtmaster and Brahman Cross Cow herd and are an average of 208kg at delivery. Bred in light forest country, they're ready to grow out and perform given the right opportunity. The Heifers are being tailed daily and being well handled with dogs and horses. On assessment, they were soft, quiet and easy to work which is a real credit to the vendor. The work put into them is easy to see. Please note: These cattle are in a tick area and will need clearing before entering clean country — this will be at the buyer's expense. The vendor has already pre-treated to help with the process.
