Assessor Comments	A good to very good quality line of vendor bred steers. Growthy steers, they are soft British/Euro/Bos Indicus crossbred steers that would suit a range of markets. Two steers noted as expressing heavier muscle due to Euro content in the breed mix. Yard weaned at assessment on good quality hay, will be educated to hay racks. As stated, these are growthy steers that are showing good weight for age. Note they have never been fed grain or treated with antibiotics, declaration for "grass only" available on request. 36% large frame, 62% medium and 1 steer small frame. Please note that this vendor also has 33 heifers in this sale.
