Assessor Comments	On offer a very good quality of line of vendor bred Weaned Angus Heifers. All calves are showing great frame & depth and have been progressing extremely well on an oats crop for the last 6 weeks since weaning. Calves have been met with a good season since birth and have not had a set back. A very well bred line that will continue to perform if given the opportunity. Please note: 2 Heifers in mob with pink eye scaring (not detrimental to eye sight) & a small percentage of mob have light ringworm, refer to photos. Vendor will offer 82 Angus Steers in same sale also.
