Assessor Comments	Very good quality weaned Angus heifers from one of the better herds in this district. Heifers with all the attributes and breeding to make for front paddock cows alternatively they have the frame and conformation to perform on grain or grass. These heifers present in fresh condition and have had no set backs. This herd has undergone a heavy culling regime in the last few years and that shows through in the heifers. This is the middle run of these Heifers with a few kept in herd and a large lighter run taken out, there is another two lots of local district cattle also in this sale.
