Handled With	All steers handled quite the rigorous drafting process with ease. They remained patient and moved well through the yards. A small handful stirred during weighing and mouthing, which was expected, but all settled quickly once returned to the mob. Bikes , Vehicles
Notable Traits	Traits 2 Head Old pink eye scar
Assessor Comments	Only a fortnight younger than their brothers that are in the same sale these younger steers present a great opportunity for buyers looking to secure a quality small line with plenty of upside. Bred out of harsh, cold country, they are a hardy and resilient and have handled the conditions well. With the right feed and care behind them, these steers are well placed to continue developing and perform well in any operation. Note vendor has another 2 lines of steers and 2 lines of heifers in same sale.
