Assessor Comments

Bobby McGees "Welaregang Station" offer 16 Angus weaner heifers. These weaners are EU accredited and are based out of a noted and renowned upper murray cow herd. With Dunoon & Table Top Angus bloodlines these heifers present with great length and style for age coming into the cooler months. Bulls are predominantly chosen for high growth and marbling traits with the steer portion performing extremely well in feedlotting programs. Bred out of large frame cows these heifers would be an outstanding addition to any new or established herd, whilst also being suitable for any supplementary and or grass fed feeding program.
