	Small % of animals with a bit of "run" in their step during the assessment. It is to be noted that they had all come off a reasonably fresh paddock of feed & also being assessed in set of yards with concrete with a slippery base didn't help their case. Increased handling & time will quickly improve their temperament in my opinion.

Assessor Comments	Autumn Moon Pty Ltd are offering a tremendous run of their Red Angus animals for sale, of which this assessment represents the lead draft of their 2025 Autumn born Steers. Sired by Hicks Red Angus bulls & out of Ex. Stud & Commercially based Red Angus females provides you an article that has some of the best genetics running through their veins. Breakaway Valley is situated on the Goulburn River flats of Acheron where these animals haven't had a bad of their lives since being born & I personally believe they will excel even more if given the opportunity to some warmer weather. Displaying exceptional muscle & shape along with frame size these Steers are at the perfect weight for a feed lotting opportunity or to grow into a pasture fed bullock later in the year.
