Small % of animals with a bit of "run" in their step during the assessment. It is to be noted that they had all come off a reasonably fresh paddock of feed & also being assessed in set of yards with concrete with a slippery base didn't help their case. Increased handling & time will quickly improve their temperament in my opinion

Handled With	Bikes , Dogs , On foot , Vehicles
Assessor Comments	Autumn Moon Pty Ltd are offering a tremendous run of their Red Angus animals for sale, of which this assessment represents the second draft of their 2025 Spring born Steers. Sired by Hicks Red Angus bulls & out of Ex. Stud & Commercially based Red Angus females provides you an article that has some of the best genetics running through their veins. Breakaway Valley is situated on the Goulburn River flats of Acheron where these animals haven't had a bad of their lives since being born & I personally believe they will excel even more if given the opportunity to some warmer weather. Ideal animals that will require minimal maintenance throughout the following months ahead & transform quickly during the spring period.
