Assessor Comments	Offering a well bred draft of vendor bred Angus steers presenting in store to forward store condition. Rennylea sires used for 10 years, the MHPF Cheviot Hills program has had a focus on above average growth and positive carcass traits with progeny typically highly sought by feedlots. These steers have had a recent drench and booster 5-in-1 and display bone and shape. Ideal to take on to background to heavy feeders or finish into domestic or export markets. (NOTE: vendor also has 33 similarly weighted heifers, same drop, this sale making 2 decks on offer)
