Assessor Comments	A high quality line of Angus steers, with an infusion of Black Simmental in the mob. The vendor has been using Boonarkm Black Sim/Angus bulls for a few years now, to get butt shape and early growth rates into his calves. Aiming for that first cross hybrid vigour. They will present as a very even line of steers weight wise, with a tail drafted out of the bottom end. These are the main draft of his Spring drop calves. A docile to quiet temperament throughout the mob, having been handled extensively. Will not disappoint. Please note in steer photo, 1 light steer to be drafted from line.
