	Quiet: 114 head		Quiet: 112 head Slightly Stirry: 2 head	Temperament not assessed in Paddock
	Steers have an excellent temperament which was noted through the drafting and weighing process. They calmly moved through the yards with ease. Noted two steers slightly stirry through the weighing process but when returned to the mob were fine.

Assessor Comments	Backgrounders- Here is a very good quality 3 deck line of Charolais/Simmental/Ultra Black/Droughtmaster & Angus cross weaner #6 steers. They present in good store condition with weights ranging 222kgs - 365kgs to avg. 275kgs curfewed. Steers are being put through a full weaning program, tailed out and topped up on oaten hay. These steers would be ideal articles with their softness but show good bone growth for age to take through to heavy weights for export market or as bullocks on grass, grain or oats crop. These cattle are noted performers & will not disappoint. "Offering 3 months time payment to approved purchaser".
