Temperament

Quiet: 70 head Slightly Stirry: 1 head	Quiet: 70 head Slightly Stirry: 1 head	Temperament not assessed in Paddock

Heifers worked well through the yards with only a couple slightly stirring up in the crush that quickly settled when rejoined to the mob. The temperament of these heifers is a credit to the vendors as they were a pleasure to handle even though it was their first time back through yards since weaning.

Assessor Comments	Buyers this is a great opportunity to secure a VGQ 2 deck line of Vendor bred #6 store condition heifers. These heifers are out of large framed Santa, Simmental & AngusX cows sired by high priced Angus & Black Simmental bulls. Heifers were early weaned in March due to seasonal conditions and have performed exceptionally well since on dry buffel and supplemented with weaner pellets. The Revilo heifers have a great reputation and are highly sought after when normally sold as Feeders, they will perform on grass or grain and would be ideally suited to take through to joining weights as they have the style and softness to be an asset to most breeding herds, alternatively they would to take through to the Woolworths Domestic feeder market Please note two heifers observed with slight blight scarring in one eye, not considered detrimental. Vendor has 2 decks brothers this sale.
