Assessor Comments	Buyers, here is a great opportunity to purchase weaned light weight Angus cross heifers that would make great future breeders. These heifers present in good store condition averaging 199kg (180 to 278 kg). Heifers have nice length of body with softness and femininity. Heifers have nice volume only being 7 to 9 months old. These heifers are out of medium to large frame Brahman cross cows by stud Angus & Sim Angus sires. Heifers are extremely quiet to handle being worked through yards daily and tailed since weaning. This is a good line of heifers that would make breeders or feeders. Vendor has steer line in same sale.
