| Assessor Comments | Buyers, here is a great opportunity to purchase weaned light weight Angus cross steers that are extremely quiet to handle. These steers present in good store condition averaging 206kg. Steers have nice length of body with plenty of room to fill out. Steers show nice volume with only being 7 to 9 months old. Steers are out of medium to large frame Brahman cross cows by stud Angus & Sim Angus sires. Steers are extremely quiet to handle being worked through yards daily and tailed since weaning. This is a good line of steers ready to do. Vendor has heifer line in same sale. |
