Comment on Fat Score 1 Cattle	Steers are in strong store condition.
Vendor Bred	Yes
Lifetime Traceable	100% of cattle in this lot are Lifetime Traceable
Breeding Comments	The Grove SH bulls have been used exclusively for the past 17 years over Shorthorn cows. The black weaners come from some SH/AA x cows from Angus many generations ago.
Grazing Conditions	Dry native and improved pasture. They have been intermittenly paddock fed oaten hay over the past 6 weeks. Returned same
Burr/Seed in Coat	No Burr or Seed of weeds declared noxious observed in the coats at assessment
HGP Status	The owner declares that the cattle have not been treated with HGP at any period of their lives
Health Treatments	Vaccinated 18/10/2025 7 in 1 First Dose

Quality Grades		Store Condition	
Very Good	46%	Fwd Store	50%
Good	43%	Store	50%
Fair	11%		

Temperament

Yards	Crush	Paddock
Quiet: 93 head Slightly Stirry: 5 head	Quiet: 87 head Slightly Stirry: 11 head	Temperament not assessed in Paddock

Steers were good to handle in the yards and crush. They had been weighed before and were generally calm getting onto the weigh platform. Eleven head would not settle completely or exited quickly. All settled well and remained quiet when being photographed with just a handful wanting to lead out quickly while being videoed.

Handled With Bikes , Vehicles

Notable Traits

	Traits
3 Head	Healing ring worm on face or neck
3 Head	Moderate Blue Spot in Eye x one eye
3 Head	Slight Blue Eye x one eye

Assessor Comments A good to very good quality line of Shorthorn yard weaned steers. They are vendor bred and are from a herd which have been on The Grove Shorthorn genetics from for at least 17 years. This is the full drop of this years weaner steers with a small tail removed at assessment. The 8% fair quality steers just lacked little muscling but were soft in the coat and will grow on with access to good feed. As a mob they are mostly medium to large framed and are normally taken through to the top end of export feeder weights and then sold to local feedlots. They have not had access to grain or cotton seed and are PCAS eliible. They would suit to either take directly onto crop or to grass finish for a range of high quality slaughter markets. They are located approx 15km off the Gore Hwy north east of Goondiwindi. Please note that the cattle are on short dry feed and if there is substantial rain post assessing there is the potential for them to start chasing short green feed - we would ask buyers to consider this and attempt a prompt load day.

Assessor **Andrew Wilkie (Level 1 Accredited)**

Delivery Period 01/06/2026 to 05/06/2026 (5 days)

Delivery Point 'Mutooroo' 1262 Tenomby Rd
