Assessor Comments	A small line of very good quality vendor bred Angus x Angus weaned steers that are showing very good weight for age , softness, thickness and all the true characteristics of well-bred Angus cattle that will grow on to suit the market of your choice. Weighing 275kg to 3331kg to average 292.5kg 1 hour off feed with an estimated delivery weight of 277.8kg. Our vendors pride themselves on investing in the best genetics and producing quality cattle that are a pleasure to handle and that will perform going forward. These steers were held back when the main line were sold in April. NB: One steer was treated for blight - please see photo. These cattle always carry the agents highest recommendation.
