	Well tempered weaners that respect yards and handlers. Calves have been weaned and worked through yards only a small percentage became stirry when placed into crush yet settled down once released to mob. Overall good to handle for persons with prior stock knowledge.		
Handled With	Bikes , Dogs , On foot		
Assessor Comments	100 Outstanding well bred Angus x Angus Steers. Complete drop minus a small tail removed at assesement, cattle were split steer and heifer and were assessed for sale. Steers are vendor bred and by 'Booroomooka' sired calves out of big-framed Angus cows, calves are usually kept and grown out to feedlot entry weights. Steers have been weaned 3 weeks prior and are going forward after weaning. Please note vendor is also offering Heifer portion on separate assessment in the same sale, Buyers don't miss a fantastic opportunity to secure highly sort after cattle.
