Assessor Comments	A quality well-bred line of young Hereford steers averaging 271kg at delivery. These steers show plenty of natural quality and carry the softness and frame to grow on quickly. They're extremely well educated with the temperament to suit any program. They've been running on a blend of native and improved pastures. With their strong doing ability and early weight-for-age, they're ideal candidates to develop into heavy feeders or export bullocks.
