Assessor Comments	Buyers presenting a Good Quality 2 deck line of weaned Angus/Santa/DroughtmasterX steers. The majority of these steers were out of purchased PTIC cows or calves on cows in late 2025. Steers predominantly show good bone and frame and present in store condition and are ready to explode on good pasture, all the hard work is done weaned educated and trucked to Buffell Park from vendors Charleville breeder country in the last few months. Ideally suited to take through to Domestic or 100 day feeder market ,alternatively could grow out to grass fed bullocks as no Hgp ,antibiotics or grain to suit all Pasture Fed programs. Please note one steer observed with old blight scaring in one eye not considered detrimental. Vendor has 2 decks coloured brothers this sale.
