Assessor Comments	On offer is 64 uncut bull calves and 8 steers that were a little older & marked when cattle were last in yards. These weaners are in good condition with % showing winter coat/more Simmental influence. Cows have done a good job on these weaners and will thrive on fresh feed. These weaners are by Clonara Droughtmaster and el Toro Simmental bulls showing excellent traits. A good entry point to secure cattle in this market. They were weaned at assessment and will be kept and handled in yards until delivery, they were very quiet to handle and will be a pleasure to handle by the time delivery comes around.
