	These Heifers were a pleasure to assess all flowing very well through the race and crush with only the odd heifer becoming agitated whilst in the crush. Very respectful of pressure and release. They have been run behind a single hot wire in a rotation system most of their lives.

Notable Traits	Traits			
	4 Head Old pink eye scarring			
Assessor Comments	3 Decks - 96 Angus/Santa Gertrudis/Charolias Cross Heifers A great opportunity presents itself for buyers to purchase heifers with plenty of frame and quality. These heifers possess compensatory weight gain to be had on either grass, crop or grain. The continuing dry season means these heifers are being sold to make room for the core breeder herd. Don't miss your chance to purchase quiet natured cattle that have had plenty of handling and will settle into their new environment very well.
