Comment on Fat Score 1 Cattle

Any score 1's and are fit to travel any required distances.

Vendor Bred

Yes

Stock History

Bred out of a good herd of Raff and Hazeldean blood Angus cows.

Lifetime Traceable

100% of cattle in this lot are Lifetime Traceable

Breeding Comments

These all by Raff and Broadwater Angus bulls.

Grazing Conditions

Developed black Brigalow/Belah melon hole country that had no rain through the summer/autumn. 70mm received 10 days ago so a light germination of clover now. Been supplemented with Riverina Calf Grower Pellets & Riverina Backgrounder Select molasses.

Returned to: Returning to a paddock with dry grass and a germination of clover.

Burr/Seed in Coat

A small amount of Noogoora burr in the odd tail brush and winter coat.

HGP Status

The owner declares that the cattle have not been treated with HGP at any period of their lives

Clear - No known history.

Vendor Comments	These steers would normally be retained and sold as export feeders. They are located only 300 meters off the Cunningham Highway so easily accessible for a backload if required.		
Temperament	Yards	Crush	Paddock
	Quiet: 40 head Slightly Stirry: 1 head	Quiet: 37 head Slightly Stirry: 4 head	Temperament not assessed in Paddock
	Steers that were good to handle in all areas of the yards. There were just the standard few that did resent being in the crush which is not unusual. They all behaved well when being photographed and videoed. Vendor did say they are very easy to muster using a buggy.		
Handled With	Bikes		
Notable Traits	Traits 2 Head Blue dot in eye (treated)		
Assessor Comments	Buyers, a deck load of EU ACCREDITED weaner Angus steers suitable to background up to export or domestic feeder weights. They are considered good to very good quality. These have presented in mainly store condition. Whilst the season has been marginal for the past few months, most have responded very well to being supplemented with pellets and molasses and most don't look to have had any growth setbacks with the dry weather being experienced. There are however about 2-3 lighter weight steers that have maybe not handled the dry quite as well however they are deemed capable of catching up. Any steer that looked to have maybe suffered a bigger setback was discarded at assessment. These steers considering we are now in the winter months and with rain on them look to be in good health, reasonably clear in the eyes and around the muzzle. Please see the photos of the eyes that gives a good insight of what is involved with those, no sight issues evident. There is also a light 2-deck load of heifers available that can be purchased to fill a B-Double to make long distance freight more affordable.		
Assessor	Bob Jakins (Level 1 Accredited) Phone: 0419 788 366		
Delivery Period	15/06/2026 to 16/06/2026 (2 days)
