Assessor Comments	Backgrounders & breeders here's a well presented line of tropical bred heifers with plenty of bone, length & frame. Suit backgrounders to take on and sell as feeders in the summer. Highly suited to the domestic supermarket trade once heavy enough. Well handled young heifers showing good growth & weight for age. Approximately 3 brands in this line. Good and quiet types that have been well handled and look to grow into good types of feeders. I recommend these heifers.
