Assessor Comments	Buyers these yard weaned steers will be ready to turn out on to crop or pasture by the time they arrive at their new destination and allow to grow out to feeders! Well bred young cattle that have given the dry season have had no set back, and by being well bred types will grow out to proper cattle for you. Vendor also has the heifer portion in this sale which together will make a neat two decks. I recommend these steers for domestic feeders in the future.
