Assessor Comments: Buyers a good line of well bred Angus Heifers that are well handled and have been weaned for 5mths. These Heifers were early weaned due to the dry conditions and present in good strong store condition. Heifers are starting to show their Winter coats and would be the ideal article to put onto a Winter Oats or herbages. These Heifers would suit to retain as future breeders with the leads of these Heifers remaining in this line with the vendor not retaining any Heifers due to the seasonal conditions. These Heifers are very well bred being out of a well bred Angus Cow herd that are based on performance being based on Te Mania and Raff Angus blood. Please note same vendor is offering 120 of the Steer portion in the same sale.
