Assessor Comments	This is a small line of well bred Angus steers that are showing excellent length stretch and frame for there age. Vendor always has a small line of steers this time of year as he spreads his calving out. These cattle always preform extremely well when placed on hard feed as they are raised on light country. These are proper cattle mans cattle. Bred out of high quality cattle heard. When sell other line from mobs in the weaner sale vendor often tops sales. Highly recommend these steers.
