Assessor Comments	A line of 69 beautifully bred, AA weaned Heifers ready to move forward. These Heifers are docile and easy to work with, even when under pressure. The management of these heifers is an absolute credit to the vendor. They were yard weaned for 5 days in late November 2025 on hay and supplements, with another 5 days in a small paddock. . The Heifers are bred from top tier Mandayen and Allendale AA Bulls, out of large framed AA cows. Absolutely no question about the quality of the breeding of these calves. These Heifers will make exceptional future breeders and are also more than capable to feed on if you wish. They heifers are a part of a complete drop of weaned calves, with a small tail drafted out of the bottom end. Please note the same Vendor has a line of 41 AA Steers on offer in this same sale. You will go a long way to find a line of better quality heifers.
