Assessor Comments	This is an excellent line of Grey Brahman females. Females mouthed up at milk and 2 teeth. They have been preg tested empty and will be ideal heifers to join later in the season. The vendor will clear the cattle at Sturt Plains and agrees to deliver to Cloncurry or any other equivalent distance. There are 2 other lines of heifers on offer from the same vendor, one in the Eastern states sale (PTIC) and the other in the weaner and yearling sale. Hayfield Station have been buying above average herd bulls out of Brahman week and Lancefield sales for 40 plus years. Cattle that are selected for Growth and carcass. These heifers had a 2 day walk into the yards before assessment, there will be good gains for the successful purchaser. If there are any further queries please give me a call.
