Assessor Comments	On offer is an excellent line of the famous Mungalla stud Weaners. This line consists of 78 of the lead heifers, these heifers have been weaned since the 2/4/26 and are ready to explode onto crop or put in the breeder herd. These heifers have excellent frame, bone and have plenty of compensatory gain. These heifers are generally retained and grown into heavy feeders or used to top up the breeder herd. These cattle were a pleasure to handle, A mob not to be missed Please note vendor has 3 lots in this sale
