| Assessor Comments | Buyers, Here is a top line of vendor bred weaned Angus heifers that average 281kg. Heifers present in good store condition with great length of body, softness and femininity. These heifers have very good depth of flank with capacity to fill out, as they are out of a medium to large frame Angus cow herd, by good quality Angus sires. Heifers were good to work through yards. These heifers would ideally suit as replacement breeders as no heifers have been retained. Note 1 heifer with small white underline. Heifer's are grass only eligible and antibiotic free. |
