Assessor Comments	Here are 19 good quality lightweight Angus and Angus Cross Steers that have been recently yard weaned. Only 2 of these steers were under 200 kg with rest being 211 kg to 241 kg. Steers are well bred being by Ruby Ridge Angus bulls out of very fertile productive Angus and Droughtmaster cows. These steers are showing great bone for their age and size. Steers worked well in yards considering they were only weaned the day before assessment. Will grow on to good feeder cattle or bullocks. If your looking for good quality young steers to go with then look no further than here. Please note this vendor has another lot in this sale.
