	Bikes , Dogs , On foot			
Assessor Comments	A quality line of vendor bred F1 Wagyu x Angus Weaner Steers. Weaners are the progeny of females specially selected for F1 Wagyu production, and are sired by top quality 3D Wagyu genetics. Steers are weaned, well handled and have all their health treatments are up to date. These steers will perform given the opportunity and would be ideal to background on crop for the feedlot. Carcase data from previous year drops demonstrates that progeny from this herd exhibit above average marbling and carcase quality. Ringworm showing in 5 head, generally around the eye. Note - Vendor has the heifer portion of the year drop in this sale.
