Assessor Comments	Buyers a very good even line of 78 USDA/NOP Organic certified & never ever certified Angus feeder steers that are showing great weight for age and reaping the rewards of a great season. Steers present as good medium to large frame for age & weigh from 408 to 550kg full at assessment. This line of angus steers were 100% weighed and mouthed at assessment with 50 x 2 teeth found the balance all milk teeth. At assessment 4 x head seen with some old blue eye scarring but are not seen as detrimental. Buyers this a great run of Angus steers that will perform very well on crop, grass or grain.
