Well handled, well educated weaners. Bolaro Station take a lot of pride in their weaning program and how it creates cattle that are a pleasure to deal with in yards. Odd steer exited crush quickly, but nothing out of the ordinary for a weaner. Settled back into mob well and stood for photos. Please see video for full satisfaction. Please note: Vendor also has a BDouble (73) PTE Angus cows in todays sale.

Assessor Comments	A good quality load of EU weaners off the renowned Bolaro Station. Steers have been weaned since the 7th of Feb and have really picked up the last few weeks on crop. Bolaro have been using Rennylea Angus genetics for 10 years with a focus on growth and IMF, targeting Rangers Valley feedlot and other repeat buyers. Presenting in forward store condition, these steers will respond well to continued crop and warm weather. Will reach domestic/export weights if given the opportunity. Steers are EU, MSA, Greenhams Never-Ever & Tey Grasslands accredited.
