Assessor Comments A genuine opportunity to secure an outstanding run of EU Vendor Bred weaners off the well renowned and highly regarded Possum Point Station. For over 30 years now PP have continued to be at the forefront of breeding high quality Angus cattle and have carefully selected there Bulls with a strong focus on producing high performing cattle with growth & positive carcass attributes. Docility has been a big factor also on bull selection and you can see that in how quiet these weaners were to handle throughout the whole drafting and weighing process. These 9 to 10 month old Angus steers are the type that continue to attract repeat buyers year after year, with their ability to perform in a range of production systems and deliver high results. Originally built around Twynam Angus the PP program has continued to evolve with the introduction of Ardrossan and Injemira sires adding further performance and quality. These steers offer buyers the opportunity to invest in cattle bred for there doing ability and high performance. Don't miss this opportunity to secure Possum Point Station's annual drop of weaners from the heart of the Upper Murray. A total of 282 Steers on offer weighed into tight categories sold as a 118 (Tops) offered as one lot and 164 (Seconds) to be sold as 2 lots of run out the gate with a tail removed.
