Assessor Comments	Top quality Hereford heifers bred from large to medium frame cows. Purchased as cows and calves from the dispersal of the McLennan/Howe family's "Deep Creek" herd at Adelong, these heifers represent the entire heifer portion of the calf drop purchased. Quiet, easy to handle cattle, they present an excellent opportunity to secure future breeding females ready to join. Alternatively, they would be well suited to a backgrounding program, with the quality and capacity to perform in a range of production systems. The vendor is also offering 12 spring drop Hereford heifers in the same sale today.
