| Assessor Comments      | 31 Vendor Bred Angus X Friesian steers sired by the Merribrook Angus bull and being out of large frame friesian cows. These steers have been well reared, and present an excellent opportunity to take advantage of a booming cattle market with these steers being ideal to take onto the next stage. Please note that some steers have visible signs of ringworm and there is the odd steer with old pink eye scarring. Vendor is also offering heifers in another lot. |
