Assessor Comments AS & KM Cain, 'Oakbank' Heywood Vic, will offer a line of 34 EU accredited Angus X Steers 9 to 10 months, GAR & SAV blood, weaned, Antibiotic Free. Steers will present in strong healthy to forward condition, they were all weaned on the 4/3, straight on to Mckenzie Ag weaner mix and haven't looked back, they were all weighed from 305 - 411kg to ave 359kg (full) at assessment. These steers display nice length, width, softness and bone. Traditionally they are all grown out into heavy feeder weights and sold later in the year, they are only being offered due to vendor needing to reduce numbers. They would be ideal now to background out on grass and either finish on the grass later on, or they will transition into the feedlot environment having been grain trained on feeders for 10 weeks already.
