Cattle were purchased as one line of steers on farm as backgrounders to get to feeder weights. These steers continue to go forward and are now an excellent line of feeder steers.

Assessor Comments	A/c Wandilo Agribusiness. 74 Angus steers weighed 400-454kgs full to average 398kg empty at delivery. This exceptional line of well bred feeder steers were purchased as 1 line ex "Morundah" at Bool Lagoon. These steers were purchased at backgrounder weights to resume to grow out into a great line of feeder cattle. Steers show great weight for age and continue to gain weight and push forward. These steers being weighed in such a tight weight range make for a perfect line of feeders for a feedlot or a restocker to grow out into heavy bullocks.
